Maximum Marks	4 Marks

Empathy Map

<u>SAYS</u> • 'I want to know if my area is at risk of flooding.' • 'Flood warnings often come too late.' • 'I wish there was a quick and easy way to get accurate flood alerts.'	<u>THINKS</u> • 'Will my family and property be safe during heavy rains?' • 'There should be an AI system that predicts floods and sends real-time alerts.' • 'I need a reliable tool to help me prepare before floods happen.'
Rising Waters User (Resident in a Flood-Prone Area) 	
<u>DOES</u> • Checks weather forecasts and rainfall updates. • Monitors river or water level information. • Looks for flood alerts from government or local sources. • Takes necessary actions like moving belongings to safer places.	<u>FEELS</u> • Anxious about sudden flooding. • Stressed due to unclear or delayed alerts. • Unsure about the accuracy of information available. • Relieved and more confident when receiving timely and accurate warnings.
